I mean in data format... e.g. Cd writeter can be done in mp3 [data format] & audio formats. MEX Advance Response from 4745454b Put audio cd on a dvd? I see results 3 possible.1) It works, but you'll have a lot of wasted space on the DVDs. I believe it would still be limited to 70min of audio, so there would be a lot of wasted space.2) It works, but good luck trying to get a player to use it in. As far as I'm aware of, the only place you could play this is in a computer, or a dvd player. You probably can't play it in a portable cd player, as they don't recognize a dvd.3) It just plain doesn't work. My question is why? I can understand putting your mp3 files on dvd to save/archive. As for a player disk, I'd stick to the cd-r. (they are cheaper anyway.) Response from burninbush Make sure you can put songs on a dvd – data is data. The question is going to make the play, if you intend to use the paper to play the music, then it does, no problem. I was the dion of any commercial player who might do that, though. Got a better answer? Posted it in the discussion that produced this pww. Comforting your baby with your infants or making them fall asleep at peace can be a tall order. Many parents turned to the classical children's songs and for babies in the slives. These tune songs to your children or players in your device may be the magic that needs to console them when they're angry. Music may, indeed, be young children who can sleep. If laps times and beds are hard for you and your little one, be sure to give these classic songs and lullabies a try. Kindness lyrics like the may beamed studded moon bring you sweet dreams is the edge of Brahm's Lullaby, a classic song of the slum that remains as beautiful now as in the day it was written. Sometimes referred to as the Cradle Singer, this lullaby was originally published in 1868. That has comforted both old and young as ever. Johannes Brahm was composed of the lullaby for a friend on the birth of his second son. It was first performed publicly in 1869 in the City of Vienn. AzmanL/Getty Images Hush Little Baby is a traditional lullaby from the United States, but its date of origin and author are unknown. The lyrics in this folkul promise baby all kinds of things if it will just hush. Many popular recording artists such as James Taylor, Joan Baez, and Nina Simone have offered their own versions of this classic song. A mockingbird ring, stylus ring, and looking glass can't be appealing to rewards to every young child, but the song's sweet tune has a way to calm cry however. Vagbreyra/Getty Images A retirement song with lullaby, Stone-to-Beer Baby dates to the first publication of Mother Goose's in the 1765 year. The singing origins appear to be English, but there are many different theories about the lullaby. Some say the dates tune into the glorious revolution. Others believe it refers to the Protestant van swept over England from the continent. Whatever its true parentage may be, at a time this will continue to be a favorite among parents to slowly rock their babies into sleep. YsaL/Getty Images When You Wish About a Star was written for the 1940's Walt Disney Pinocchio Film. Her sleek lyrics and her sweet tune can leave your child feeling peacefully included in the slum direction. In the film, the original singer is sung by the character Jiminy Cricket. The magic of Disney calls in so many young children. In bed hours, this might just be the magic tune that helps your little one drive off to sleep as they reflect on volunteer and star skies. Satoshi-K/Getty Images Song of Favorite Things was originally written for Rogers and Hammerstein's musical music of the Sound of Music in 1959. Of course, many people saw the movie where Julie Andrews sings this tune during a thunder in charge of her young lover. The kids are sure to love this song and they may even prefer to sing it with you once they learn their mocks. The images she crossed like rain on Rosez and chew on the kitten were happy children for decades. MichaelBlackburn/Getty Images Row, Fix, Your Ship Range is an English nurse who was first printed in 1852, but may be greater than its suggested date. Simple lyrics are encouraging our kid to fix, fix, ship them out to sea - but with mercy for life is but a dream. If the baby still doesn't settle, you can encourage them to pretend to fix; she might just tire them out! LisaValder/Getty Images Boy Blue is an English summary of likely dates at the moment of the Tudors. In fact, it's possible that Elizabeth I the nurse recited the rumor to her when she was young. Blue boys can sing or speak as you prefer. The short sheep tell a sweet story about a boy who lambs tend to but he rang sleep instead. Hopefully, your baby will fall asleep just like the little shepherd. Linda Raymond/Getty Images Golden Slumbers is an English song written by poet Thomas Deker in 1603. Of course, many people know the Beatles' version of the tune that appears on their album Aby Road. Meek lyrics understand this endless appeal. Your baby might very well enjoy the Beatles' version of Golden Slumbers, but even when singing in your voice, it sure adds a touch of meekness to bed. Famveld/Getty Images Do you sleep is a lullaby with French origin. In fact, many English-speaking young men learn the French version of the school. Also known as Jacques Brother, this possibility dates to the 17th century. Like many old songs, her origins became safe. Its earlier version date printed to 1780. If you're looking for compilation for adults and sing, you are likely to find this classic among them. NataliaDerlabina/Getty Images Classic Kids Twinkle Twinkle Little Star features them based on a 19th-century baby poem by Jane Taylor. Many young children learn to this simple tune in preschool, but many desperate parents to sleep have tried to sing this song to comfort their children as they cry out on the sleep. Should you choose to play an instrument in accompanying the lyrics, Twinkle Twinkle is usually the largest player. There are also motions to this tune that young children can enjoy learning.
